## Super Specialty Rings (SSP)

Our show has two SSP rings. In essence the show is both:

6 AB, 2 SP, 8 HHP

4 AB 4 SP, 8 HHP

There is no impact on HHPs.

**So what are Super Specialty Rings (SSP)?** In a SSP ring a judge has 3 sets of finals for a given set of cats. A judge does an AB final, but also a Longhair SP final and a Shorthair SP final—all from the same set of cats.

**If a cat makes both the AB final and one of the SP finals, which points does the cat get?** It gets the highest scoring final, but it does not get to count both finals.

**For a judge to do three finals for each SSP group adds significantly to their workload.** So we are distributing the 2 SSP over the 6 AB judges. Each AB judge will do AB for two of the three groups of pedigree competitions and SSP for the third group. The following chart says specifically what type of finals are done by each judge.

| Judge           | Kittens                | CH                     | PR                     | HHP |
|-----------------|------------------------|------------------------|------------------------|-----|
| Larry Adkison   | AB                     | AB plus LH/SH SP (SSP) | AB                     | HHP |
| Wendy Heidt     | LH/SH SP               | SP                     | SP                     | HHP |
| Barbara Jaeger  | AB                     | AB                     | AB plus LH/SH SP (SSP) | HHP |
| David Mare      | SP                     | SP                     | SP                     | HHP |
| Brian Moser     | AB                     | AB plus LH/SH SP (SSP) | AB                     | HHP |
| Darrell Newkirk | AB                     | AB                     | AB plus LH/SH SP (SSP) | HHP |
| Vicki Nye       | AB plus LH/SH SP (SSP) | AB                     | AB                     | HHP |
| Gary Veach      | AB plus LH/SH SP (SSP) | AB                     | AB                     | HHP |

**Motivation for our adding SSP rings.** SSP rings add significant rosette expenses. We are adding the SSP rings to allow for more opportunities to final. Top 15s are difficult to achieve in the current environment and this is something we can plan on. Analyzing the 2019 finals illustrate that offering more SP rings means that “runners” will **NOT** take all the slots. But SP are not as attractive typically when granding a cat. The SSP means you can have it both ways. An AB final might be more attractive for one of your cats and a SP final more attractive for another cat.
